

# Fox & Hound Grooming Co

## Senior Waiver

Dogs Name \_\_\_\_\_ Breed \_\_\_\_\_

Owner First & Last Name \_\_\_\_\_

Senior pets over the age of 8 (for large breeds) and over the age of 12 (for small breeds)

Seniors notoriously have a tougher time withstanding the grooming process. They often get confused more easily (senile, dementia), scared because they cannot see or hear as good, they have warts, lumps and bumps and have joint issues that prevent them from standing for long periods of time.

With seniors we take extra care, time and resources to make sure they are as comfortable as possible. We understand it can be a daunting couple hours for them and we will do everything we can to ease the process.

Risks include but not limited to: higher chance of nicks, clipper irritation and mental stress.

If a senior gets too anxious or overwhelmed we could choose to end the service early and formulate a plan to better suit what they need.

Seniors often will get to a point of "comfort grooms" where the groomer does whatever the dog will allow in the time frame, sometimes the groom isn't always perfect but the basics will be done and it is less stress on the animal.

Every pet's well being is our top priority and we will always choose humanity over vanity.

By signing this form you understand the risks associated with grooming senior pets and will not hold the groomer liable.
